

# Connect 2 Colour

## Helping your disadvantaged pupils connect with their learning

**COMMUNICATION • HARMONY • ACHIEVEMENT • TEAMWORK • SELF-ESTEEM**

**Are you looking for a creative and inspiring way of helping your disadvantaged pupils connect with themselves as a learner?**

Book a **Connect 2 Colour workshop** now and through our innovative and creative approach to improving connection and communication, we will support your pupils' understanding of themselves as a learner.

### **The facts behind the Pupil Premium Grant**

**When compared to their peers, disadvantaged pupils on average:**

- have less home support for their learning
- have weaker language and communication skills
- are more likely to have significant difficulties in basic literacy and numeracy skills
- experience more frequent behaviour difficulties
- are less likely to believe they can control events that affect them\*

The Connect 2 Colour process **engages** pupils from the outset and offers a **creative** and **growth mind-set based** way to **challenge assumptions**, **strengthen self-esteem** and **bring out the best in every child**. Our team facilitate the workshops by fostering communication, self-efficacy, connection and creativity using innovative techniques. The powerful impact of this work is captured forever in colour providing that vital link between home, school and other stakeholders.

## The Connect 2 Colour experience complements your SMSC curriculum by:

- Providing an opportunity for your pupils to develop their **self-knowledge, self-esteem** and **self-confidence**
- Providing a **rich opportunity to acquire the language of learning** and talk about themselves as a learner
- To improve **speaking and listening** skills enabling them to become **independent** and **self-reflecting** learners
- Encouraging students to accept **responsibility** for their behaviour, **show initiative**, and to understand how they can **contribute positively** to a team
- Encouraging **respect** for other people and their views
- Providing children with the language of learning, enabling them to discuss their **personal learning preferences** and **drivers**
- Provide a **creative link** between home, school and other stakeholders through the creation of unique, collaborative artwork to share and discuss

Each workshop, **delivered by a qualified and experienced teacher**, is tailored to meet the specific needs of your cohort and school development plan and can be staff-centred, pupil-centred, Governor-centred or follow a whole-school integrated approach. We can work with individuals, groups, classes or even whole cohorts and whole school staff teams. Connect 2 Colour can even help you **measure and report on the impact** of the workshop by assisting you in collecting and evaluating pupil attitude data.

To discuss your school's needs, contact us now:
